[DiL] FAU internal call for proposals: Develop and test Flipped Classroom concepts (application form 2022 New Normal | INKULT)

Felder mit einem * sind Pflichtfelder

Personal data **Project description** **requested funds** **Upload**

Course name *

Study program *

Number of students (approx.) *

Teaching form (lecture, seminar, exercise, etc.) *

Lecturer (name) *

Description of the initial situation for the specific course *

(up to 1,000 characters)

e.g. How have you offered your course so far?
What challenges have you encountered?
Under which general conditions does the course take place?
Which examination format, if any, has been offered so far?
Who is the target group?

Main objective pursued with the Flipped Classroom concept *

(up to 1,000 characters)

Describe the goal of your Flipped Classroom concept in general, as well as the specific goals of dovetailing digital and analog elements, tools, and methods.

Additional objective(s) of the project (mandatory) *

- Innovative test setting: alignment of assessments in the sense of constructive alignment
- Internationalization: support for international students or international exchange.

Planned action *

(up to 1,000 characters)

Describe the planned Flipped Classroom concept for your course. How do you plan to specifically dovetail the digital and analog elements, tools, and methods?

How do you want to achieve your goals?

What specific actions do you plan to take to achieve your additional goal(s)?

How do you plan to achieve your goals?

Communication support *

(up to 1,000 characters)

What measures do you plan to use to support communication in the course?

Interaction support *

(up to 1,000 characters)

What measures do you plan to use to support interaction in the course?

Promoting the digital competencies of students *

(up to 1,000 characters)

What measures do you plan to use to support your students' acquisition of digital skills in the course?

Evaluation concept with the aim of further improvement *

(up to 1,000 characters)

How will this event be evaluated - if applicable, in addition to the mandatory project evaluation within INKULT?

Planned measures to ensure sustainability *

(up to 1,000 characters)

e.g. integration into study programs, module manuals, curricular anchoring

Cross-references to other supported courses

(up to 1,000 characters)

if further applications are submitted for the conversion of courses to the Flipped Classroom concept in the same department/program.

Application for support of the FAU Teaching Innovation Fund "Innovationsfond Lehre" 2022 Support/funding for the event or parts thereof has already been applied for through the FAU 2022 Teaching Innovation Fund.

Alignment of content with FAU 2022 teaching innovation fund This application is identical in content to the application submitted for the FAU 2022 Teaching Innovation Fund.

if not identical: explanation of the modification

Please briefly explain here the modification in content of the present application compared to the submitted application for the FAU 2022 Teaching Innovation Fund.

Student assistant(s): Description

Planned activity of student assistant(s)

Student assistants: Number

Student assistants: Status (SHK, BHK)

Student assistants: weekly working time in hours per assistant (number)

Student assistants: Contract period

maximum October 01, 2022 to March 31, 2023

Student assistants: Total number of months of contract duration

Sum of all months of all student assistants

Student assistants: Total costs (in euros)

Student assistants: Justification

Material resources: Description

What technical equipment in the context of the Flipped Classroom concept do you plan to purchase?

Material resources: amount requested (in euros)

Material resources: Justification

Use of technical equipment in the context of the Flipped Classroom concept

Internal service: Description

e.g. production of didactic media at FAU

Internal service: requested amount (in Euro)

Internal service: Justification

Necessity of internal service in the context of the Flipped Classroom concept.
